FIG. 14

FIG. 15 is a screenshot of a software interface for data migration or backup. The interface includes fields for Source Server, User ID, Password, Database, and User Load. It also features a Target section with EID and SysUser fields. A central area displays a list of data items (1-11) with checkboxes for selection. The interface includes buttons for Process, Resume on Error, Group, and Completed Successfully. At the bottom, there are buttons for Edit, Load, Export Errors, and Done. An Error Text box is located at the bottom right.
